I love boarding ships. entertaining soft kinky harmless fun.... I was just a preppy kid when i started playing the games in series. Haven't felt old about this game.

Pigs still poops Ham though

10/10 would eat. Is dead (servers closed). Not sure why is still available for sale.. This game is extremely short. It took me less than an hour to finish all of the endings. That said, the game is priced appropriately for its length. It's a nice enough story with good music and full voice acting. The art style is a little strange with the blacked-out features but I would much rather have no features than bad features so it didn't bother me.. I don't know about the DLC, but the demo works on Oculus Touch in Windows 7-64 bit (use the trigger button on Touch).

The free demo is short and it's content limited but of high quality, and should succeed in it's mission of leaving you wanting for more.. I don't have a damn clue what's going on

Also \u2665\u2665\u2665\u2665 yeah I'm the only one that has a review on this game.
